ABOUT COMPANY:

In 2017, **Zai Systems (SMC-PVT) Ltd** was founded. With over 7 years of local and international expertise, our business has commercial operations in IT & telecom - consultation, CRMS, HRMS, E - Commerce Management Systems, ERPMIS, data center solutions, Operations & Maintenance, system integration, and end-to-end solutions.

Zai Systems (SMC-PVT) Ltd maintains a network of strategic partnerships with top - tier manufacturers, technology companies, and system integrators on a worldwide scale.

We have put together a **team of qualified professionals** and specialists to offer complete IT services and solutions in accordance with each client's specific needs. We pledge to offer the best ICT products and services within agreed-upon constraints.

Our **goals** is to offer the most elite levels of IT professional services to significant corporations, governments, and organizations in our markets.

The **highest standard** of quality is our primary commitment in all we do. We prioritize customers satisfaction over obtaining irrational financial gains from them while managing our client relationships.

Our **whole technical team** has been trained in both sales and support-related tasks.

ABOUT CEO
